## "The Weekly Record" The Carrothers Case.

EVERY SATURDAY.

At the office, one door south of the House, Main street, Rat Portage, Ont.

Subscription, \$1.50 per annum in advance. JAMES WEIDMAN, Proprietor.

You are reminded that the present is the best time to subscribe for and advertise in The Weekly Record.

On account of the large amount of space required for the Carrothers case, a quantity of editorial and other matter is held over till next week.

### CAUTION NECESSARY.

The ratepayers of the town are the daily fully aware of the fact that they are paying a bonus of \$10,000 for the location of reclamation works in town but they may not be fully aware of the fact that the interests of the town can be jeopardized in the handling of the bonus. Though repeatedly urged to do so, we have refrained from discussing the position in which matters stand in relation to the works. Everything that has been done in connection with them so far is of a first class character. The machinery and other appliances now in position are the best obtainable, as indicated in a previous issue of The Weekly Record, but they are not yet fully completed, though we trust no long delays will occur in finishing them. The town is desirous of assisting the State in every way possible, but is fraught with danger to the general interests of the town and we therefore feel called upon to utter a note of warning in reference to the handling of the bonus. As will be seen in the proceedings of the Council, reported elsewhere, the town council has been instructed to hand over the bonus under certain conditions. In the resolution itself no provision is made for responsibility to the corporation that the conditions imposed will be fully complied with. We will not undertake to say that the town's interests will not be carefully protected, we simply point out the danger, and utter a note of warning to the public. If the council are a whole, are satisfied that everything is all right, they cannot object to the location of the works, and we have no reason to think that they do. It would, therefore, be in order for the council to make known to the public what is being done in this connection. As there is to be a meeting of the council this evening, we refrain from further remark at present.

A copy of The Record, of Rat Portage, published by J. M. Weidman, is to be had at the weekly price of one cent, and is to be had at the weekly price of one cent. With Mr. Weidman at the head it is to be had at the weekly price of one cent. The subscription price is \$1.50 a year. - Rat Portage Sun.

Mr. H. O. Oler, brother of Mr. E. Oler, of this town, arrived here last week from Grand Rapids by the steamer Red River. He has been prospecting in the Cedar Lake district in the amber fields, and says that the reports regarding the rich lead there are greatly exaggerated. There are no lead mines in the district, and he is not sure that the reports are not a hoax. He is not sure that the reports are not a hoax. He is not sure that the reports are not a hoax.

## The Carrothers Case.

Committed For Trial.

It was stated in The Record last week that there would be a preliminary hearing of the charge against Mrs. Nellie Carrothers of murdering her husband on the Ratny river on the 26th of January last. Owing to the present of the case from Ratny river, the hearing was postponed till Monday.

The locality of the alleged murder is about thirty miles down the river westerly from Port Francis. The steamer Shamrock came down the river on Friday with Detective Murray and Inspector Lewis. On Saturday night another steamer came down the river, but it was not until Monday that the shooting took place on the Ratny river. The shooting took place on the Ratny river. The shooting took place on the Ratny river.

On Monday morning at 10 o'clock the court room was filled with spectators, desirous of hearing the case. Mr. J. W. Murray, attorney for the defense, presided. Mr. A. J. Oler, acting as crown prosecutor, and Mr. H. S. Oler appeared for the prisoner. This constituted the court before which the preliminary examination was held. Mr. J. W. Murray, attorney for the defense, presided. Mr. A. J. Oler, acting as crown prosecutor, and Mr. H. S. Oler appeared for the prisoner. This constituted the court before which the preliminary examination was held.

The case continued for two days, Monday and Tuesday, with eight sittings. Throughout the prisoner, Mrs. Carrothers, maintained a calm and confident demeanor, showing very little feeling of any kind, apparently controlling herself with an iron will. Dr. Macdonell went up to Ratny river with Detective Murray and had the body of the late Mr. Carrothers examined. It was in a very advanced state of decomposition. The doctor covered the head and part of the spinal vertebra and cleaned them off, leaving the skull and bones of the neck with him, and during his evidence produced them in court.

The case has created much interest in town. It was the general theme of conversation in the hotels and places of business, relegating for the time all other subjects to the back ground.

The first witness called was the man who was with the late Mr. Carrothers when he was killed. He lived in Ratny river district, in Township Morley, portage. He was called to the stand and testified that he was with the late Mr. Carrothers when he was killed. He lived in Ratny river district, in Township Morley, portage. ## TOWN TOPICS.

The municipal council will meet this evening.

The steamer Highland Mail left yesterday for Fort Francis and Rainy river points.

The building belonging to the H. B. Co. is being removed from Water street. Mr. John Thompson has the contract.

The steamer Shamrock left for Fort Francis on Wednesday, having on board the witnesses in the Carruthers case and other passengers.

Knox church, Presbyterian services tomorrow, Sunday, will be at 11 and 12 o'clock. The pastor, Rev. R. Nairn, D.D., will preach at both services.

School opens next Monday. All parents should send their children the first day in order that the teachers may be able to make proper classification.

Mr. Dolan has gone east with the intention of forcing matters with the other members of his company, and will throw the property into the court of chancery unless they will come forward and put up a bond or sell.

Additional side tracks are to be put in the C.P.R. yards here in order to accommodate the tremendously heavy traffic which is expected this fall and winter when the western wheat crop is moved. The stock yard is also to be enlarged.

On Saturday last Mr. J. K. Brydon, town clerk, received a telegram from Quebec city, informing him of the death of Mrs. Thomas Campbell, father of Mrs. Brydon. He may be remembered that the late Mr. Campbell lived here with his daughter for two years and left about nine months ago. He was 79 years of age at the time of his death.

Our business men are reminded that Tim Neeson will find space for their advertisements. They need not fear crowding upon our reading matter. If they buy sufficient space to cause us to do so, it will give us pleasure to enlarge and encourage us to redouble our efforts to make known the resources of the Lake of the Woods district. Our circulation is already the larger.

Detective Murray left here on Thursday morning for Portage la Prairie, there to take charge of a prisoner arrested at his instigation. The prisoner last May committed a burglary at Estevan, and a constable tried to arrest him at Clinton, but the man got away. He and another constable took the case to court and tried the case at Portage la Prairie. He will be taken back to Clinton. His name is Chambers, though going by various aliases.

Mrs. Annie Abbott, popularly known as the Georgia pugnet, exhibited her wonderful powers to the Portage audiences on Monday and Tuesday evenings in the Music hall. A large committee of citizens was called to the platform to guard against trickery or fraud. The most skeptical were convinced that nothing of the kind was practiced. The mystery of the wonderful power possessed by her has not yet been explained. Mrs. and Mrs. Abbott left for Fort Williams on Wednesday morning.

An interesting event took place on Tuesday evening at the residence of Mrs. Dulmage, when Mr. David Kay and Miss Louise Dulmage were united together in the bonds of matrimony. The marriage ceremony was performed by the Rev. R. Nairn, D.D., pastor of Knox church. There was quite a gathering of friends and relatives, so witness the tying of the knot. After the guests partook of supper refreshments made by Messrs. J. L. Smith, Douglas of Whittemouth and John Day of Norman. The Rev. R. Nairn and Mr. Kay sang the duet "When ye sang aye, Jamie." A happy time was spent by one and all.

Mr. Jeff Hildreth expects soon to be working the Siskiwit mine on a large scale.

The steamer Couchiching arrived on Thursday with another row of 1,200,000 feet of logs for the Western Lumber Co.

After next Sunday the Sunday school in connection with St. Alban's church will be held in the afternoon at 12 o'clock.

The C.P.R. are selling round trip tickets to the Toronto exhibition at \$4.50 good to go from Aug. 30 to Sept. 14 and return up to Sept. 30.

A well selected library has lately been purchased for St. Alban's Sunday school, and the books will be at the disposal of the superintendent next Sunday.

A meeting of the Lake of the Woods Old and Silver Reduction Works Co. was held in Winnipeg yesterday. The result of the meeting is looked forward to with a good deal of interest here. The people are tired of the old song sung so long "next week."

A largely attended picnic was held under the auspices of St. Alban's Sunday school last Tuesday.

The children spent a very enjoyable afternoon on Mr. Drewry's grounds, Conroy island. The steamer Dryberry and barge took the jolly and youthful party over and back again after the picnic.

The official quarterly board of the Methodist church met on Thursday evening of last week. The salaries and appropriations were made for the year and other business transacted. Several new members of the board were welcomed. The financial district meeting will be held at Winnipeg on the 24th prox.

Rev. W. N. Janicson led the Epworth League meeting on Monday evening, the subject being "Little enemies." Miss O. Bell takes charge of the meeting next Tuesday evening, the meeting having been postponed from Monday on account of the social concert in the Methodist church at Keewatin that evening.

The steamer Highland Mail arrived from Port Francis and Rainy river on Thursday morning with the following passengers: Messrs. M. Robertson, W. Legallis, L. V. Noland, W. E. Cooke, Jos. Grey, Caldwell, Gray, L. L. Paley, R. Mulvey, Joe Brimling, J. Ross, J. Hennessey, L. A. Stone, Mrs. Gussella, Rev. Father Dault.

Mr. Wm. Blauding, sen., returned yesterday to his home in Wisconsin, but expects to be back soon with a significant look across the bay on the conclusion of the session. The old gentleman is enthusiastic about the country, but says the people are too slow. He says we should have the greatest mining camp in the west.

Mr. Dan Burdette will go to Minneapolis next week well satisfied with the appearance of the Gold Mining League. He will return soon loaded for home. He expresses a desire to stay. He says there is more gold in this Lake of the Woods district than anywhere on the American continent, but the lack of enterprise shown to develop it.

Mr. R. J. Morgan, formerly connected with Dulmage's mill, went west some time ago to take charge of Camp, F. W. Armstrong's saw mill at Golden, B.C., on the Columbia river, but found that matters there were not to his taste. He returned about a week ago and is now installed as bookkeeper at the Highland House, where his genial presence is a pleasure to the numerous guests of the house. While west Mr. Morgan saw Mr. A. Granville, well known here. He is carrying on mining on the Columbia river.

Mr. G. B. May, of Mooseport, heard of Stuart Ambrosia, has just returned to the Northwest with the first prospect, accredited from Montana since it became a state.

## Personal Paragraphs.

Mr. H. B. Grant, of Sabakong, was in town this week.

Mr. H. Ripstein was here the past week looking after business in his branch store.

Mr. H. D. Borden, an attorney, of Pembina, U.S. is here for the benefit of his health.

Messrs. D. T. Ferguson and G. C. Frisbie took a trip to Shoal Lake on Wednesday on a fishing expedition.

Mr. A. E. McDonald, who has been visiting friends in Virginia, U.S., and London, Ont., returned to town on Tuesday.

Mr. Ross, of the firm of Messrs. Carver, Ross, Hughes & Co., Montreal, took in Rat Portage on Wednesday on business.

Last Saturday Mr. John Thompson, well and favorably known, and Miss Sarah Magnus were married by Rev. A. L. Fortin, and his many friends are congratulating him.

## MUNICIPAL COUNCIL.

The Rat Portage Council met on the 23rd inst. All the members present, the Reeve in the chair.

The account of R. A. Duncan for \$1.50 was referred to the Finance Committee.

Communications were received from Messrs. Ross, Hall & Brown, J. B. Phillips, J. P. Farlin.

A by-law to raise \$5,000 by loan on front property was passed.

The clerk was instructed to notify Mr. J. P. Farlin that the signature of all the parties concerned was necessary to an application for the withdrawal of a previous communication requesting the Council to hand over the debentures for the bonds to the reduction works.

On motion of Councillor Ridout, seconded by Councillor Nash, the clerk was instructed to draft an act and have all necessary papers prepared to make application to the next session of the Ontario Legislature to have the municipality of Rat Portage incorporated as a town.

On motion of Councillor Nash, seconded by Councillor Ridout, a committee was appointed with Messrs. G. P. Phillips with reference to using a portion of Matheson street for the construction of a marine slip as requested by the fishermen.

A motion was passed instructing the Reeve, clerk and treasurer to file the Reduction Works Debentures, and deposit the same with the treasurer.

Councillor Campbell gave notice of a by-law to levy the annual rates.

The Council met on the 25th inst. All the members present except Councillor Clarkson, the Reeve in the chair.

The account of Messrs. Jas. Robertson & Co. for \$82.24 was referred to the Finance Committee.

On motion of Councillor Ridout, the Council requested the Clerk to hand over the bonus granted to Mr. Henry J. Powers, on certain conditions.

Councillor Nash moved, seconded by Councillor Ridout, that the clerk be authorized to prepare and forward the bonus prepared and empowered to place the same in the Imperial Bank to the credit of Mr. H. J. Powers, under the conditions stated in the communication from the directors of the Reduction Works Co., and that Messrs. Powers and Link give bonds of security on the works as a guarantee that the works will be completed, and that the clerk notify them to that effect.

The Council adjourned.

A Tim. Sykes, two months ago, when in town, came here and bought out the Star drug store, and asked him for an ad. He cordially informed him that advertising didn't pay, and he refused to subscribe to the Mackay. We have been waiting for a tenderfoot ever since, and when the sheriff closed him up yesterday it was no surprise to us. Without asking anybody's advice he bought a cartload of Paris green to put in the store, and had received it when he suddenly learned that the people were not to have it. Our people were much wiser about it. We are glad he didn't do business with us. If he had, we should have felt sorry for him and probably lent him money enough to get out of town on. Arrived Kitchener.

THE following is a summary of the Regulations with respect to the manner of recording claims for Mineral Lands other than Coal lands, and the conditions governing the purchase of the same.

Any person may explore certain Dominion Lands not appropriated reserved by Government for other purposes, and may locate thereon, either by surface or subsurface, prospecting for mineral deposits, with a view to obtaining a mining location for the same but no mining location shall be granted until a discovery has been made of the vein, lode, or deposit of mineral for which the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 3,600 feet in length for more than one claim, and shall be situated so that the Petroleum claim shall not exceed 100 acres in extent.

On discovering a mineral deposit any person may obtain a mining location, marking out the location on the ground in accordance with the regulations in that behalf, and filing with the Agent of Dominion Lands for the district, within sixty days from discovery, an affidavit to be sworn to by Mining Regulations, and paying as the same time an affidavit of his claim, which will entitle the person so recording his claim to enter into possession of the location applied for.

Any person before the expiration of ten years from the date of recording his claim, the annual may, upon filing proof with the Agent of Dominion Lands, of the discovery of a mineral deposit, obtain a mining location, or a portion of the same, by paying to the Local Agent, therefore, 50 cents per acre, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Claims for Mineral Lands shall be applied for to the Department of the Interior.

## NORMAN.

That Robson desires to fill these columns with Norman matters the citizens and help needs to be.

Mr. John Kay has been indicted for several days.

Mr. J. O. Clarkson, town councillor, started on Tuesday morning for a trip to Colorado.

Mr. Small preaches farewell sermons at Norman next Sunday afternoon and evening.

Mr. W. B. Fidelity of White-mouth, visited Norman this week, the guest of Mr. Small.

Mr. J. Bonneau and Mr. A. Jolani have each lost a child this week by cholera infantum.

The steamer Empress has been detained at the mouth of Rainy river for some time on account of bad weather.

Mr. John Kay lost a valuable cow about a week ago. It was injured by passing train and had to be killed.

The Norman Presbyterian congregation have petitioned the Presbytery to station Mr. J. L. Small here during the winter.

Mr. W. T. Crofton and wife arrived from the east on Saturday last. They have taken up their residence at the Ryan cottage.

Mr. S. B. Ryan, general manager of the Minnesota and Ontario Lumber Co., left on Monday morning for his home in Dubuque, Iowa.

Those from Norman who attended the Annie Abbott show were much amused at the vain attempts of our general postmaster to move the little Georgia magnet.

Rev. J. G. Macbeth, M.A., of Carman, Man., will conduct the Presbyterian services at Norman for the first two Sundays in September. Mr. Macbeth is an eloquent preacher and very popular throughout Manitoba.

Dr. Dunbar, Government Veterinary Surgeon, was here this week and made a thorough examination of the horses employed in the mill yards, as there were rumors of glanders. The Dr. found no indications whatever of that dreaded disease.

The M. & O. mill closed down on Saturday last. The planing mill is still running, and the yard and office men are busy shipping. The season's cut has been a large one. Some of the mill men have gone west to Manitoba's harvest fields, where big wages are offered.

On Sunday last a drunken man caused a disturbance in town. He went to the house of Mr. Obbleman and persisted in remaining notwithstanding every possession used to get him away. At last force had to be resorted to. He then went to the house of Mr. Robertson, and afterwards got escorted to Rat Portage jail to cool off.

A gang of men, under the direction of Mr. J. Kemp, will next week upballast the side tracks into the saw mills of Messrs. Cameron & Kennedy and the Minnesota and Ontario Lumber Co. The fine sand heretofore on these tracks has blown among the timber, and when being manufactured has been very hard on the machinery. The new ballast will be coarse gravel.

On Monday evening last a large number of our citizens met in the hall and spent a very agreeable social evening. The particular object of the gathering was to present an address accompanied by a handsome flash mirror wall bracket, to Miss Shipton as a slight token of recognition of her services in assisting the choir and in public meetings and entertainments. Miss Shipton left on Tuesday for Minneapolis.

An old Canadian history book is for sale at the following prices:  
"Avalanche," 10c.  
"Agitation in the North," 10c.  
"Interpretation," 10c.  
"A horse for hire," 10c.

Memorial service for the late Mrs. J. O. Clarkson, Friday, Friday, May 10, 10 o'clock, at the residence of Mr. J. O. Clarkson, 100 St. George Street, N. W.

The Mail's Ottawa correspondent says that a rumor gains currency that as the census figures may not affect materially the relations as regards representation between Quebec and the other provinces a moderate reduction concerning urban representation may be attained at the present session. Such a measure, if passed, will place the government in a position to demand a general election at any moment. An alteration on the basis of representation, however, small it may be, is reason for dissatisfaction. It is thought the government may be shaping itself for an early appeal after it has closed up the departments and given a guarantee that it is bent upon reform.

**SPECIAL OFFER.**  
While we have fixed our rate of subscription at \$1.00 per annum, we have decided to make a special offer to hold good during the balance of 1891. To all who pay their subscriptions in advance we will send **THE RECORD** till the end of 1899 for \$1.50, which is equal to giving the balance of the present year free on payment of one year's subscription. Now, friends, hand in your names, and ask your neighbors to do likewise. We are after a big list, and are determined to get there.

**WHAT THE RECORD WILL NOT DO.**  
It will not assume that the town is one for its special benefit.  
It will not pad its columns or give away space to make a show.  
It will not profess to be "Independent" in politics—all on one side.  
It will not allow its columns to be used as a cloak for personal feelings.  
It will not examine its advertising columns before admitting an advertisement.  
It will not foster local jealousies nor in any way manifest a sectional spirit.  
It will not tolerate delay in the delivery of its copies by the postal authorities or other carriers.  
It will not run dead advertisements for years, months or even weeks merely to make a paper of size.  
It will not knowingly permit references directly or indirectly to private affairs that do not concern the public.  
It will not send papers except sample copies to any one who has not subscribed, and then practice the "stand and deliver" policy of firing the newspaper law at him to make him pay up.
